ACTIVITIES OF THE COMMISSION

In keeping with its mandate, the Tripura Commission for Women initiated various steps to protect the rights and interests of women and worked for their empowerment during the year under report. In the year 2020-21, the Commission has received a large number of complaints relating to various categories of crimes against women such as domestic violence, dowry torture, dowry death, kidnapping, desertion, bigamy, rape at promising marriage, sexual harassment of women at workplace, etc. Most of the cases registered in the Commission or brought before it relate to marital discord and domestic violence, the Commission took upon itself the task of counselling the parties concerned, so that family disputes could be settled speedily and effectively without being dragged into the Courts of Law. The Commission carried out its own investigations of the incidents of crimes against women like unnatural deaths or dowry deaths and incidents of rape reported to it or informed through paper clippings. Thereafter the Commission pursued those matters to expedite police actions. Apart from that, the Commission conducted many other inquiries into the cases relating to violations of women's rights either registered with it or suo-moto from paper clippings as and when considered necessary by the Commission. For taking proper action the reports of those enquiries were sent to the Police and to the concerned administrative authorities with the findings and recommendations of the Commission.
